Advanced Club – A complete program for the tournament player. Juniors receive instruction in swing mechanics, fitness training and mental training weekly. Under their coaches guidance, the juniors will learn the process of continuous improvement through preparation, competition and evaluation. Each Junior will have their own individual plan to reach their potential. The group meets together once a week for individual evaluation and group video instruction. Each assessment will provide a weekly plan for short term goals. The goal here is to learn and perform the details required to become an elite player.
